30th April 2014 - New book

### ALTER YOUR COURSE : PARKINSON'S - THE EARLY YEARS

Monique L.Giroux, Sierra M.Farris

Publisher's description : This book is not intended to be filled with facts about the disease; there are many books that cover these topics. Instead we have focused on 2 questions, Does PD present an opportunity in disguise ? What information, actions or attitudes are most helpful early in the disease to set the stage for living your best now and into the future? Alter Your Course tells a different story - one that is emerging within you - the person with PD. Your story can be filled with hope, inspiration, empowerment, resiliency and strength. Each chapter concludes with helpful advice designed to help you take control of your PD journey and alter your course. The last chapter is filled with advice; from people like you-living with PD.
