### WINDOW OF OPPORTUNITY :

LIVING WITH THE REALITY OF PARKINSON'S AND THE THREAT OF DEMENTIA

Kirk W.Hall

Publisher's description : Window of Opportunity is the story of one person's journey through the initial signs of cognitive impairment brought on by Parkinson's disease and how this potentially disabling diagnosis turns into a "Window of Opportunity" to help others.

Kirk Hall began noticing small signs of mild cognitive impairment. He tells his story with directness, candor, sensitivity and humor. He describes the long and challenging visits to doctors seeking answers to his disturbing symptoms and the confusion caused by conflicting opinions about the nature and progression of his disease. His journal notes allow him to describe in vivid detail his slowly coming to grips with disability. He shares the internal struggle, anxiety and stress that uncertainty causes, not only for himself but for his family as well. For more information go to :
